

This miscellaneous filing is in response to the Commission's March 8th, 2007 letter referencing the 30 Day Post General Report (10/19/06-11/27/06).

The Cleaver for Congress Committee takes the following steps to ensure compliance with Commission Regulations on identifying contributors:

1) The original solicitation, along with name, mailing address etc..., requests the contributor's occupation and name of employer. The original solicitation also states "Federal law requires us to collect and report the name, mailing address, occupation, and name of employer of individuals whose donations exceed \$200 per election cycle". A copy of an original solicitation has been mailed to the commission for their review/file.

2) When the contributor fails to provide the required information the Committee mails a letter, within 30 days of receiving the contribution, to the contributor stating "Federal law requires us to collect and report the name, mailing address, occupation and employer of individuals whose donations are \$200 or more per election. Knowing of your commitment to Emanuel's campaign we would ask that you complete the information below. For your convenience, please find enclosed a postage paid and self addressed envelope in which to return your form. We ask that you respond within five (5) days so that we can meet the federal reporting requirements for our campaign". The letter then provides the following:

Your Occupation _____
Your Employer _____

The Committee does not request an additional contribution within this "second request for information" letter. A copy of a "second request for contributor information" letter has also been mailed to the Commission for their review/file.

3) If contributor information is returned after the contribution has been reported to the Commission the Committee files an amended memo Schedule A with it's next report or an amendment to the original report, disclosing the additional information.

At the instruction of Vickie Hubbard with the Commission, the Committee mailed a sample of an original contribution solicitation and a sample copy of a follow-up letter to the commission for their review/file.
